GREEK KING READY FOR WAR AT ONCE

Resignation of Ministry to Be Followed by Proclamation to People.

LOAN FROM THE ALLIES ONE OF THE CONDITIONS

Venizelos Says His Revolutionary Movement Is Not Directed Against Constantine.

LONDON, September 27, 2:10 p.m.—"The Greek ministerial council held in Athens yesterday evening," says a wireless dispatch from the Greek capital, "will be followed by the resignation of the Kaleropoulos cabinet, and by the issue of a proclamation from King Constantine to the Greek nation."

"Immediately on his return from Tatoi to Athens the king was summoned to a secret council of the Germanophiles Gen. Dousmanis, ex-chief of the Greek general staff, and M. Street. Queen Sophia, sister of the German emperor, was present at the conference."

Immediate Action Expected.

ATHENS, September 26, via London, September 27.—In circles very close to King Constantine the belief is expressed that he will declare war immediately—possibly even this evening.

The Greek government has submitted to representatives of the entente a proposal that Greece drop her policy of neutrality, on condition only that she be accorded a loan sufficient to pay for the mobilization and equipment of the army.

Mere Question of Days.

The French press of Athens, which for the last month has been sharply assailing King Constantine and flouting every suggestion that he could honestly be desirous of Greece joining the entente allies, is suddenly silent. The entire Greek entente situation has changed overnight, and it is reported that the entry of Greece into the war has suddenly become a mere question of days on the terms King Constantine indicated to the Associated Press August 31, namely, a guarantee of the integrity of Greece and a loan sufficient to equip the army and cover the cost of remobilization.

The Associated Press learns that the coldness of the diplomats, the indifference of their governments and the bitterness of the press of the entente powers was due to a suspicion of the sincerity of King Constantine's desire to enter the war, which was based on a private conversation between the king and an entente diplomat almost a month ago, and which the entente governments are said to have insisted on regarding as revealing the true attitude of the monarch, notwithstanding repeated official and unofficial assurances to the contrary.

Cleared the Situation.

The publication of the king's declaration to the Associated Press first opened the eyes of the entente representatives to the possibility that they might be misjudging King Constantine, and finally led to franker explanations, which cleared up the whole situation.

The reiterated offers of the present cabinet to reorganize itself to meet the desires of the entente by dropping any unacceptable members who might be misjudging King Constantine, and finally led to franker explanations, which cleared up the whole situation.

VOTERS' RAILWAY FARE SET AT 2 CENTS A MILE

Trunk Line Association Fixes Prices From Washington Into Five Nearby States.

Scores of voters desiring to return to their homes to take part in the elections in November visited the newly opened headquarters of the League of Republican State Clubs and the republican state committee of the District of Columbia at 1412 H street northwest today and yesterday to ascertain the rates which will be charged by railroads and to obtain information generally.

C. L. Townsend, president of the League of Republican State Clubs, and in charge of headquarters, is in receipt of a letter from the Trunk Line Association, transmitted through Chairman Wilcox of the national republican committee, giving the rates which will be charged voters and the dependent members of their families returning to their homes to vote in November.

Rates and Regulations.

The rates and regulations announced by the Trunk Line Association so far are as follows:

"Two cents per mile in each direction, with minimum of \$1 for the round trip, going and returning via same route only from Washington to points in the following states in trunk line territory: Delaware, Maryland, New Jersey, New York, Pennsylvania and West Virginia."

"Tickets to be sold and good going October 5, 6, 7, 12, 13, 14, 19, 20, 21, 26, 27 and 28; November 1, 2, 3, 4, 5, 6 and 7, and so regulated that passengers will reach destination not later than noon of November 7, and good return to reach Washington not later than November 12. Tickets to be used on Sunday must be purchased on preceding Saturday."

"Tickets to be sold only to bona fide

voters and dependent household members of their families. Order on ticket agent calling for ticket to be issued by the joint agent upon presentation of voter's certificate and payment of fee of 25 cents.

"Joint agency for the identification of voters and for the issue of orders on ticket agents to be established and maintained under the jurisdiction of the Washington terminal lines."

The matter has also been taken up with the lines in the other sections of the country to ascertain the basis upon which they will participate in similar arrangements.

Certificates for Voters.

Mr. Townsend said today that certificates would be issued to voters desiring to go home to register, or to vote, and to avail themselves of these special rates at the headquarters, 1412 H street.

The chairman of the various republican state committees throughout the country are sending to the headquarters here information regarding dates of registration and the laws of the states dealing with the qualifications for voters. The bureau of information at the headquarters will have ready for distribution also literature dealing with the issues of the campaign. Under the direction of the bureau, field men will be sent into nearby states to take part in the campaign, it was said.

Mr. Townsend will leave here today for New York to attend a conference with the republican national committee.

FRANCIS JOSEPH REPLIES.

Answer to Note Regarding Relief for Poland Received.

The reply of Emperor Francis Joseph of Austria-Hungary to the identical personal note sent by President Wilson to heads of belligerent nations appealing for concessions to permit shipment of relief supplies to Poland has been received at the State Department. It was forwarded to the President at Shadow Lawn without being opened.

All rulers addressed have replied except the Emperor of Russia. In none of the letters, State Department officials understand, are there any proposals likely to make possible immediate Polish relief operations.
